Testimony— Sister Belinda Bacani

Good day, everyone! Today, I stand before you, deeply moved by my personal involvement in promoting GO Decade, a transformative opportunity for our Filipino churches and believers. My journey included being the main teacher in the "Witnessing as a Way of Life" training program within EE Philippines.

While my primary focus was on engaging EE leaders rather than churches directly, the knowledge that this is a unified international program occurring in May instilled a sense of togetherness in pursuing the shared goal of spreading the Gospel.

Fortunately, promoting GO Decade was of little challenge, as many Filipino churches involved in EE are already passionate about evangelism. Their dedication has been a driving force in propelling this initiative forward.

This initiative has brought numerous blessings and growth to Christians who have participated:

- 1. Value of Faith and Family: For Filipinos in Hong Kong, being part of GO Decade has helped them appreciate their faith and spiritual family even more.*
- 2. Unity through Training: The training has been a unifying factor, strengthening bonds and fostering a sense of community among participants.*
- 3. Joy in Sharing the Gospel: Having received the Gospel's blessing, they find immense joy in sharing it with receptive friends, uplifting both themselves and those they touch.*

Let's harness this momentum and actively participate in GO Decade this May. Together, let's be a light, a beacon of hope, and a force for positive change in our churches and beyond. Thank you for your dedication, and may our collective efforts shine brightly, leaving a lasting impact for generations to come. God bless us all.

Testimony—Brother Leung Kam Lun

Hello, Evangelism Explosion partners!

I am Fanta Leung, a lay teacher and one of the ambassadors of promotion for EE Hong Kong.

The outreach conducted in May this year is one of the activities of GO Decade. I am going to share with you my experience in it.

Apart from gathering the evangelistic forces in spreading the Gospel, the purpose of the street preaching is to provide an opportunity to those non-EE-trained believers to learn how to use EE to conduct outreach. Furthermore, we wish to impress churches that have not yet conducted EE training to adopt EE training into their evangelistic activities.

Through the introduction of Rev. Vicar Leung, National Director of EE Hong Kong in March this year, I met the chief pastor of Shau Kei Wan Baptist Church, Rev. Samuel To. I sincerely wish one day his Church could carry out the EE training.

Rev. To phoned me in early May asking whether I could summon a few trainers to be team leaders of their outreach team. In fact, his Church has been conducting outreach regularly. What Rev. To wanted to achieve is to let his congregation understand how EE can be applied in outreach. With this understanding in mind, I grabbed the opportunity to invite Rev. To together with his team to join the outreach conducted by EE Hong Kong in Tsim Sha Tsui in late May 2023.

Rev. To, the pastor and the non-EE-trained members of their Church were spiritually impressed through their involvement in the Tsim Sha Tsui outreach. They then decided to conduct the EE training in their Church. I am grateful to advise you that their training started this July with four trainees and successfully completed it in October. Rev. To also plans to continue the training once a year.

Thank our Lord for adding a church on earth that fulfils the Great Mission through EE. I pray that the outreach can be an catalyst for churches to commence or sustain EE training.

Chorus

Witnessing As A Way of Life

The fields are matured (yellow) and ready to be harvest

No more prolonged waiting, who is willing go harvesting

Do not wait, do not postpone, don't let them rot

Our Heavenly Father has commanded us to seek the lost souls

Be filled with love to spread the good news of eternal life

Witness as a way of life every moment of life

Scripture Reading

Verse: Acts 2:1-13

- 1 And when the day of Pentecost was fully come, they were all with one accord in one place.
- 2 And suddenly there came a sound from heaven as of a rushing mighty wind, and it filled all the house where they were sitting.
- 3 And there appeared unto them cloven tongues like as of fire, and it sat upon each of them.
- 4 And they were all filled with the Holy Ghost, and began to speak with other tongues, as the Spirit gave them utterance.
- 5 And there were dwelling at Jerusalem Jews, devout men, out of every nation under heaven.
- 6 Now when this was noised abroad, the multitude came together, and were confounded, because that every man heard them speak in his own language.
- 7 And they were all amazed and marvelled, saying one to another, Behold, are not all these which speak Galilaeans?
- 8 And how hear we every man in our own tongue, wherein we were born?
- 9 Parthians, and Medes, and Elamites, and the dwellers in Mesopotamia, and in Judaea, and Cappadocia, in Pontus, and Asia,
- 10 Phrygia, and Pamphylia, in Egypt, and in the parts of Libya about Cyrene, and strangers of Rome, Jews and proselytes,
- 11 Cretes and Arabians, we do hear them speak in our tongues the wonderful works of God.
- 12 And they were all amazed, and were in doubt, saying one to another, What meaneth this?
- 13 Others mocking said, These men are full of new wine.

Testimony— Deacon Yung Hung Leuk ^{1/2}

I am honored to receive the "Outstanding Award" presented by Evangelism Explosion International to the Christian Central Church (Tsuen Wan). Receiving this certificate at this moment leaves me with heartfelt gratitude.

Here is the speech on behalf of Chief Pastor Rev. Chan Lai Ha of the Christian Central Church (Tsuen Wan):

We are extremely grateful to God for leading our church to embrace the EE discipleship training over the past eleven years. We also express our gratitude to the EE organization for their support and affirmation.

In 2012, Rev. Chan Lai Ha, the Chief Pastor, initiated the first class of EE evangelistic training in our church. Over the past eleven years, our church has consistently promoted EE training, conducting one to two training sessions every year, without interruption even during the three years of the pandemic. We are now in the sixteenth class, having nurtured 135 qualified EE team leaders and 8 EE disciple teachers, with four reserve teaching personnel set to be certified next year.

Through the comprehensive evangelistic training provided by EE, all trained team leaders are equipped to share the gospel with non-believers during Sunday worship and various evangelistic gatherings. They lead individuals who make decisions to accept EE discipleship, and in recent years, these individuals have been baptized and joined our church. These are the fruits borne through EE.

Since the implementation of EE evangelistic training in our church, we have not only learned how to fish but also how to teach others to fish. We have even taught many individuals to teach others to fish. This simple principle has yielded remarkable results, as we have witnessed. Especially when we embarked on a short-term mission trip to Vietnam in August, we firmly believed that the EE evangelistic method would bring the same fruitful blessings to ten Overseas Chinese churches in Vietnam.

Testimony— Deacon Yung Hung Leuk ^{2/2}

We thank God that eleven years ago, when we participated in the first training session, we could not have imagined what has happened today. We, ten teachers along with the team leaders, witnessed the first EE leadership training session held by Vietnamese Chinese churches. It not only allowed us to share the gospel but also greatly inspired every member of the mission team with the dedication of Vietnamese pastors and believers. It also inspired the entire church, resulting in enthusiastic registration for the new training session. We are filled with excitement. Taking EE on missions has become our future evangelistic vision, and the opportunity to become mission partners with EE organization makes us feel blessed.

Looking back, promoting EE training in our church has indeed encountered many challenges, such as a decrease in participants and a shortage of evangelistic targets. Through prayer and the establishment of various social services (including serving the elderly and families of special needs children) to provide evangelistic targets, the EE teams have been able to continue their outreach activities. Countless challenges have been faced over the past eleven years, but God's work is countless and as EE teachers, nothing excites us more than hearing team leaders and members share their genuine experiences with God during class presentations, which further strengthen their spiritual lives.

May God continue to bless and use Christian Central Church (Tsuen Wan), and through the EE evangelistic method, bless all churches, enabling them to fulfill the great commission of our Lord Jesus Christ.
